

YACHT RACE IS NOT OFF, SIR THOMAS LIPTON SAYS; HE WILL COME TO AMERICA.

Special Cable Dispatch to The Evening World.
LONDON, Aug. 6.—Sir Thomas Lipton, who came to town last night to attend a meeting of Purveyors of Food and Provisions, stated to-day that they had spent two hours in the Home Office to regulate prices so that no high rates could be maintained by a retailer without a protest from the wholesalers.
Sir Thomas sent Marconigrams yesterday, endeavoring to reach the racing yacht Shamrock, with orders to put in at the nearest port. Lipton declared the report that the yacht race had been cancelled is not true. He could not do so without consulting the officials of the New York Yacht Club. Unless war matters interfere, he expects to sail on the Aquitania, as arranged, whenever that vessel is able to leave port.

GIRLS GO TO ADIRONDACKS.
UTICA, N. Y., Aug. 6.—The Governor and Mrs. Glynn, who have been attending the Old Home Week activities in Utica, started yesterday for a ten days' trip through the Adirondacks.

THE CURABLE STAGE OF TUBERCULOSIS

The most important fact regarding tuberculosis is that every case of tuberculosis passes through its curable stage, which is often of a year's duration—plenty of time to be cured if the disease is only recognized and properly treated before the incurable stage overtakes the patient.
If annoyed by weakness, loss of flesh, pain through the shoulders, fever, chills, sweats or coughs, and are not satisfied with your condition or the remedy and treatment you have tried, consult Dr. Anderson, Specialist in Throat and Lung Diseases, and an expert in diagnosis by special X-Ray examination.
He discovers the very earliest signs of lung trouble while the disease is yet in its curable stage. You can rely upon his diagnosis of your ailment, and upon anything he suggests for the regaining of your health.
Investigate his treatment and the records of his permanently cured patients. It costs you nothing to find out for yourself, because office consultation and examination are given without charge. Dr. Anderson, Specialist, 50 West 23d St. (between 8th and 9th avenues), New York. Hours—Daily, 10 to 4; Monday, Wednesday, Friday evenings till 8 o'clock; Sunday, 11 to 3. Valuable book on Tuberculosis sent to any address.
